

## Corns?

—just say

Blue-jay  
to your druggist  
Stops Pain Instantly

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in two forms—a colorless, clear liquid (one drop does it) and in extra thin plasters. Use whichever form you prefer, plasters or the liquid—the action is the same. Safe, gentle. Made in a world-famed laboratory. Sold by all druggists.

LADIES! LOOK YOUNG,  
DARKEN GRAY HAIRUse the Old-time Sage Tea  
and Sulphur and Nobody  
Will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.

ALIEN INFLUX  
IN 1922 WILL BE  
ABOUT 250,000Commissioner Says Northern-  
ers Won't Come This Year.  
Others Haven't the Fare.

By Cosmopolitan News Service.  
Fully 100,000 less immigrants will enter the United States this year than last, according to Walter W. Husband, United States Commissioner of Immigration.

He estimated today that 250,000 newcomers will be admitted under the terms of the new quota arrangement. Instead of 350,000, which was the limit fixed for twelve months. Westward the new immigrant goes his way, according to the commissioner. Scandinavians are settling on the Pacific coast instead of flocking to Minnesota and other Northern States.

"Because the quotas of nations in southern and eastern Europe are so nearly filled, a considerable percentage of immigrants admitted now come from northern and western Europe—Great Britain, Scandinavia, France and Germany," the commissioner said in an interview today with the Cosmopolitan News Service.

"Many of these immigrants, particularly those from Scandinavia, are going West immediately on their arrival in this country—all the way to the Pacific coast. The attractiveness of California, Washington and Oregon for these immigrants from the northern countries of Europe is an interesting new development.

"Non-European immigration is mostly from Canada, Mexico and the West Indies. That from the Orient is small. The immigrants from Southern and Western Europe, as usual, tend to throng to the industrial centers. The immigrants from Great Britain, like those from the Scandinavian countries, are being distributed very widely, particularly over the States of the Pacific coast.

Many Quotas Filled.  
"The effectiveness of the new immigration act is clear," the commissioner continued. "Not only does the quota automatically limit the number of incoming aliens, but the quota itself is a maximum figure, and the actual arrivals will be fully 100,000 less this year than last."

"The reason is that the national quotas in some instances cannot be filled, and in others will not be filled. Two facts stand out in the

Nude Grecian Dancer  
Forced to Cover Up  
by Angry Women

By Cosmopolitan News Service.  
LINCOLN, Neb., March 22.—Lincoln bill posters today took up dress making. While a crowd that blocked traffic on the main street looked on, they put skirts on a life-sized and life-like poster of a near-nude Grecian dancer.

The poster inspired the indignation of Lincoln clubwomen. Angry mothers called on the manager of a theater and demanded that the picture be removed from public gaze.

"It is positively indecent," declared Mrs. Emily Hornberger, who headed the indignation committee. "And the wording under it 'What do men want,' makes it worse."

Although insisting that the picture was "real art" the theater manager agreed to compromise. He would drape the poster. So the Grecian dancer today put on a skirt of purple mosquito netting, which is rapidly flapping to pieces in a stiff breeze.

year's immigration history: First, that there has been an effective reduction, and, second, that although the quotas of nations in southern and eastern Europe are pretty generally going to be filled, the quotas of nations in northern and western Europe will not be attained. The excess of their quotas over the number actually admitted from the nations of northern and western Europe largely explains the fact that not more than 250,000 aliens will be admitted this year under the act, though the quotas would admit 350,000.

The immigration from Europe was in January only 10,364 and in February only 4,788.

Russia Out of It.  
"Immigration in January, 1921, was the highest for any January in the history of the Immigration Bureau. This year's figures are the lowest in many years, except during the war."

"The practical isolation of Russia has been one cause for keeping immigration under the quota limit. The depreciated currency of Austria and Germany has made cost of transportation from those countries practically prohibitive, and, moreover, there is, in the case of Germany, at least, a strong tendency to migrate toward South America. Economic conditions in Great Britain and Scandinavia are comparatively satisfactory, and for that reason immigration from those countries is kept fairly well down. Their quota will probably be only about 50 per cent filled."

Arts Club Entertains.  
The Arts Club last night entertained at 2017 Eye street northwest at a costume dinner dance at which members and guests appeared in picturesque costumes. Mr. and Mrs. Warren N. Akers were hosts. George Julian Zolnay is the president of the club.

BILL PROPOSES  
RECLAIMING OF  
BILLION IN LANDSenate Leaders Urge McNary  
Measure Appropriating \$350-  
000,000 for Work.

By International News Service.  
One billion dollars' worth of property will be reclaimed under the \$350,000,000 McNary irrigation bill, according to reclamation leaders in the Senate.

Supporters of the bill, which provides for the irrigation of arid waste lands and the draining of swamp lands, declare that all previous government projects have resulted in the recovery of lands worth three times the money spent in salvage. Their statements are borne out by Government records.

To date, it was shown, the Government has spent \$130,000,000 on arid and swamp lands. This reclamation work restored approximately 1,000,000 acres of land in the South and West. This land, according to Federal estimates, is now valued at \$500,000,000. Crops raised on the reclaimed areas up until 1922 had a value of \$400,000,000.

The Government's records of reclaimed territories produce interesting statistics. It is shown that 223 towns have been built on the salaried lands and more than 32,000 farms occupied. There is a total population of 450,000 people on the land, which formerly consisted of arid deserts or huge boggy swamps.

All modern conveniences have been instituted in the reclaimed areas. It is shown. There are 873 schools and 649 churches on these areas, according to Government records.

Prosperity also seems to have followed the reclamation work. Records show that 247 banks have been established on reclaimed land. These banks, it is added, have deposits totaling \$143,539,856 and are growing.

JUDGE REFUSES GUARDIAN  
FOR NEGRO OIL QUEEN

KANSAS CITY, March 23.—Judge Jules E. Guinotte, of the probate court, refused to grant an application for the appointment of a guardian for Sarah Rector, twenty-year-old negro oil queen of Oklahoma, said to be one of the richest negroes in America.

The application was filed several months ago by John Collins, negro, of Muskogee, Okla., who charged that because of her wealth the girl was incompetent to handle the large income derived from her oil properties and other sources and would dissipate her fortune unless protected by a guardian. It also was set out in the application that a guardian should be appointed to comply with the provisions of a recent Missouri law which raised the age of majority of women from eighteen to twenty-one years. Judge Guinotte, in refusing to grant the application, held that the majority law was not retroactive. Testimony showed that she was of legal age under the old law.

LEGION OFFICIAL ASKS  
EMPLOYMENT FOR VETS

Commander Watson B. Miller, of the District Department of the American Legion, has issued an appeal to local civic, commercial and social bodies for relief of former service men needing employment.

The legion has set up machinery whereby local employers can list with the legion opportunities for those out of work. The Rotary and Kiwanis clubs, the Board of Trade, Chamber of Commerce and Merchants and Manufacturers' Association have been asked to aid the legion in its efforts to place men at work.

BILL FOR NEW ARMORIES  
ADVANCED IN MARYLAND

ANNAPOLIS, March 23.—After killing three amendments offered to the measure, the Senate passed yesterday to its third reading the bill providing for the sale of National Guard property in Baltimore and the use of funds for erecting armories in Cumberland, Hagerstown, Centerville and Silver Spring. The bill is the one approved by Adjutant-General Reckord.

The bill is to be sold, \$320,000 being the estimated proceeds.

Mrs. MARY S. McCONN

Young Mothers!

Listen to This Woman's Advice.  
Wheeling, W. Va.—"During one expectant period my health failed me. I was very sick at my stomach and had continuous bearing sensations which became so weakening that I could scarcely get around to perform my household duties. I realized I could go no further without help and it was then that I decided to try Dr. Pierce's Favorite Prescription, which I had seen advertised for women in my condition. I have never taken any thing that afforded such prompt relief. I took the 'Prescription' right up to the last and had comparatively no suffering; it was the easiest time I had, and my strength returned rapidly afterwards. My baby was exceptionally fine and has always been strong and well. I shall be glad to have my experience published for the benefit of other young mothers."

Mrs. Mary S. McConn, 471 Chestnut St., Buffalo, N. Y., or write for free advice.

Let Them Hear  
Your Voice

IN cities and towns not far away you have friends whom you seldom see. You have little time for writing, or perhaps don't like to write letters. Why not let them hear your voice?

When you have business or social affairs to discuss with out-of-town friends, use the telephone. You can have an enjoyable chat and have matters settled in a few minutes. There's none of the delay sometimes experienced in getting letters off and delivered on time.

You can send your voice a good many miles for a dollar.. Why not do it?
